PROFESSIONAL SUMMARY

Highly motivated Software Engineer and Product Developer with a strong foundation in Computer Science, specialized in Full-Stack Web Application Development, Data Analytics, and UI/UX Design. Proven experience within Airbus (Discover Program) implementing digital solutions and optimizing operational workflows in high-compliance aerospace environments. Adept at connecting backend Java/Spring architecture with modular Angular/React frontends to deliver secure, scalable, and user-centered enterprise products.

TECHNICAL SKILLS & CORE COMPETENCIES

- Full-Stack Web Stack: Java, Spring Boot, Angular, React, TypeScript, JavaScript, HTML5, SCSS/CSS, RESTful APIs, Microservices Architecture.
- Backend & Languages: Java, Python (FastAPI, Django, Flask), Node.js (Express.js), C/C++.
- Databases & Data: SQL (PostgreSQL, MySQL), NoSQL (MongoDB), Data Analytics & Process Modeling.
- DevOps & Version Control: Git / GitHub (GitFlow), Docker, Google Cloud Platform (GCP), CI/CD Principles.
- Product & UI/UX Design: Figma Certified (UI/UX Essentials, PoC Design), Agile / Scrum, Jira, Product Life-Cycle Management.

PROFESSIONAL EXPERIENCE

AIRBUS (DISCOVER PROGRAM) — Cádiz, Spain
Logistics & Digitalization Trainee | Mar 2026 – Feb 2027

- Implemented digital solutions for process automation and workflow optimization within a high-compliance corporate environment.
- Gathered and refined functional requirements with multidisciplinary and Agile teams, bridging the gap between business needs and IT execution.
- Contributed to operational efficiency and data visibility across logistics and manufacturing workflows.

DEDALUS HEALTHCARE — Sevilla, Spain
Software Consulting & Development Intern | 2025

- Analyzed complex clinical workflows and translated operational needs into software specifications.
- Participated actively in Agile/Scrum ceremonies, peer code reviews, and quality assurance processes.

EDUCATION

- **Master's Degree in Web Application Development — Universidad Europea | 2025 – 2026 (In Progress)**
- **Master's Degree in Organizational Management & Data Analytics — Universidad Camilo José Cela | 2025 – 2026 (In Progress)**
- **BSc in Computer Science & Software Engineering — Universidad de Sevilla | 2021 – 2025**

CERTIFICATIONS & LANGUAGES

- Figma UI/UX Design Essentials (Udemy — Issued June 2026)
- Languages: Spanish (Native), English (B2 — Cambridge First Certificate in English / FCE).
